Colours: Light Grey, Dark Grey

# IPX2 water resistant outdoor speaker.

## [ FULL DESCRIPTION ]

### A15

The A15 is perfect when you need a speaker that works as well outdoors as indoors. It has an IP rating of IPX2, which means that the speaker can withstand water from light rain. The outdoor use is also supported by a battery that will last up to 11 hours.

A15 is a multiroom speaker that offers the flexibility to be used in conjunction with AirPlay 2, Google Cast or with Audio Pro Multiroom system. Spotify Connect is also a given feature. And do not let the small footprint mislead you, the sound is far greater than it looks.

The speaker has a contemporary design with rounded edges, mesh fabric in two optional colours and an integrated handle that is part of the bass reflex port, which makes it very smooth looking and flush with the surface. No fuss or frills, only minimalistic design.

6 preset buttons at the top of the speaker will let you easily access your favourite radio channel, Spotify list or other personal choice of yours, by a simple push of a button. The speaker supports both WiFi and Bluetooth, so you do not have to worry if there is no WiFi available.

Streaming services available: Amazon Music, Deezer, iHeart Radio, Napster, Qobuz, QQ Music, Spotify, Tidal, TuneIn, VTuner and many more via Google Cast and AirPlay 2.

### TOP 3 FEATURES:

The IPX2 rating ensures that the A15 is protected against light rain.

Equipped with a battery that will last up to 11 hours.

Compatible with AirPlay 2, Google Cast, Spotify Connect and Audio Pro Multiroom system.
