

SW-10

**The foundation in your
home entertainment system.**

[PRODUCT DESCRIPTION]

AUDIO PRO SW-10 - Powered Subwoofer - HiFi

Colours: Black, White

THE FOUNDATION IN YOUR HOME ENTERTAINMENT SYSTEM

[FULL DESCRIPTION]

SW-10

Our premium subwoofer with effortless deep bass, that suits all your home entertainment needs. A sub that will work perfectly with both music and movies.

The subwoofer has been engineered to integrate seamlessly with your main speakers. Especially A26 and A36.

The deep tuning of the subwoofer will let you enjoy the sounds effects of your favourite movies.

The design follows the modern Audio Pro home interior décor style, far from old fashioned big, black boxes that don't really fit into any home.

TOP 3 FEATURES:

Premium Audio Pro bass performance with effortless deep bass.

Designed for modern homes, with modern Audio Pro décor style.

Perfectly engineered for both music and movies, true home entertainment.
