CANTON

GLE 15 S2

Our GLE 15 S2 OnWall speakers are particularly flat yet very powerful. Their extremely shallow depth of just nine centimeters makes it possible to mount them inconspicuously on the wall – whether you operate the loudspeakers horizontally or vertically is entirely up to you. They are ideal as stereo or effect speakers and, when mounted horizontally, perfect as center speakers. Thanks to their bass reflex design with passive cone, they are able to reproduce deep bass cleanly and precisely – even without an external subwoofer. And with the integrated wall mounting, they are very easy to install and deliver the best Canton sound for your living room or home theater in no time at all.

TECHNICAL DATA

Type		OnWall speaker
Principle		2-way bass reflex with passive cone
Nominal- / Music load capacity		60 / 110 watts
Frequency response		43...40.000 Hz
Crossover frequency		3.000 Hz
Impedance		4...8 Ohm
Efficiency (2,83V/1m)		86 db
Midrange / Woofer	1 ×	128 mm (6.1"), Aluminium Titanium Black (ATB) (Wave surround)
	1 ×	128 mm (6.1"), Aluminium Titan Black (ATB) (passive)
Tweeter	1 ×	25 mm (1"), Aluminium Black (AB)
Dimensions (W × H × D)		17 × 52 × 9 cm
Weight		3,5 kg
