

TOSLINK CABLE

Transmits sound in maximum quality, e.g. from a television to a Hi-Fi system over up to 15 metres – and many years.

A PLUG THAT PROTECTS AGAINST CABLE BREAKAGE

The plug of the Clicktronic Toslink cable consists of three ABS and PVC parts, making it both flexible and robust: if you, for instance, pull the cable with a jerk, it absorbs some of the energy and protects the inner conductor.

GOLD-PLATED CONNECTORS TO ENSURE A LONG SERVICE LIFE

To make sure that the connectors remain rust-free, they are coated with 24 carat gold. This prevents them from oxidising. Plus: unlike many materials, gold is excellent at transmitting signals – for resistance-free transmission, completely without any interruptions.

POF INNER CONDUCTORS FOR BRILLIANT SIGNAL QUALITY

Brilliant sound – even after years: the polymer optical fibres (POF) are more resilient and flexible than glass optical fibres. They are also particularly reliable and transmit a wider spectrum of signals than copper cable.

A FLEXIBLE AND ROBUST PVC JACKET

The robust PVC jacket protects the Clicktronic Toslink cable and keeps it flexible enough to bend around any corner – no matter how long it has spent in one position. The reason: the PVC does not absorb water, even in humid conditions. This means that the cable does not become porous.

TOSLINK CABLE

THE CONNECTION FOR MAXIMUM SOUND QUALITY

Every sound in its clearest form: the Clicktronic Toslink cable transmits digital audio signals in maximum quality – from a home cinema system or console to a television. For an impressive audio experience.

INPUT

OUTPUT

ALL ADVANTAGES AT A GLANCE

CLEAR SOUND

Transmits digital audio signals in maximum quality from Toslink to Toslink plug.

COMPATIBLE.

Fits many mobile devices, notebooks and consoles due to 3.5 mm adapter.

BRILLIANT SIGNAL QUALITY

Particularly resilient, flexible and reliable due to polymer optical fibres (POF).

FLEXIBLE AND ROBUST CABLE

Thanks to the PVC jacket, which can be bent optimally even after years.

STRONG PLUG

PVC and ABS ensure maximum flexibility in the event of a jerk on the cable.

RUST-FREE CONNECTOR

Even after years – thanks to a 24 Carat gold coating.
