LAN iPURIFIER PRO

The LAN iPurifier Pro offers a seamless, plug-and-play mechanism designed to enhance the connection between the router or switch and network streamer, significantly improving audio and video streaming quality. The LAN iPurifier Pro utilises Optical Galvanic Isolation technology to effectively isolate and eliminate electrical noise and interference emanating from the router or switch, which in turn, minimises system noise, errors, and jitter.

The LAN iPurifier Pro is compatible with a wide range of network devices, such as 4K media boxes and media streaming PCs, ensuring an experience free from jitter and noise.

FEATURES

- Optical Galvanic Isolation to isolate electrical noise and interference, reduce system noise, errors and jitter from the router or switch
- Employs cutting-edge tech including adaptive equalisation, error correction, and crosstalk cancellation, ensuring a cleaner signal
- Ultra-low noise internal DC-DC power supply design
- Supports 1000BASE-T (IEEE 802.3x) Ethernet

CONNECTIVITY

- Input: 1 x RJ45
- Output: 1 x RJ45
- Power: 1 x USB-C

CONTENTS

- LAN iPurifier Pro
- Ethernet Cable (0.5M)
- USB-A to USB-C Cable (1.2M)
- USB Power Adapter (5V)
- Quick Start Card
- Instruction Card

SPECIFICATIONS

- Ethernet: IEEE 802.3x
- Speed supported: 1000/100/10Mbps
- Power supply: USB-C 5V/1A
- Dimensions: 99 x 92.8 x 24.2mm (3.9" x 3.7" x 0.95")
- Net weight: 241g (8.5 oz)
- Limited warranty: 12 months*

* 12 months typical or as permitted/required by local reseller laws. See FAQ at silentpower.tech for more information. Specifications are subject to change without notice.
