QUICK TIPS:

- JBuds Party is set to Eco-Mode by default. Lights will turn off when battery is less than 25% to conserve power.

- Turning off the lights will significantly improve playtime.

- JBuds Party will auto power off if no media is playing for 30 minutes.

- Download the JLab App to adjust the default settings.

- LabSync works with all JLab Pop Party, GO Party, JBuds Party, and Epic Party speakers.

LabSync (CAST TO OTHER JLAB PARTY SPEAKERS)

1 Connect **JBuds Party** to your device.
Press Hold to enter LabSync.
JBuds Party will say "LabSync"
