

# 6.5CS-T

## 2-Way Coaxial In-Ceiling Speaker

The 6.5CS-T offers superior all-round qualities and is the ideal choice wherever background music is desired.

A polypropylene woofer and Mylar tweeter combination make this in-ceiling speaker suitable for occasionally damp areas such as garages, corridors, and terraces.

Supplied with a 70/100-volt transformer and an 8-ohm / high-power switch, the 6.5CS-T is a versatile solution for home or commercial use.

### Key Features

#### Switchable 8 Ohm / 70-100 Volt Impedance

Ensures flexible installation across residential and commercial setups.

#### Moisture-resistant Tweeter & Woofer

Ensures long-term reliability and stable performance in humid areas.

#### White Paintable Grille

Allows each speaker to completely disappear into any environment.
