# PRO-250RPW LCR

Dual 5.25" In-Wall LCR Speaker

PROFESSIONAL SERIES

#### TRUE REFERENCE PREMIERE ACOUSTICS

Using the same acoustic components and horn material as the highly acclaimed Reference Premiere box speaker line, the Professional Reference Premiere Architectural series perfectly combines the aesthetics of an architectural speaker with the pure performance and dynamic voicing of the Reference Premiere series. With two 5.25" Cerametallic woofers and a 1" Titanium Dome tweeter mated to a composite coated Hybrid Cross Section Tractrix® horn, the Pro-250RPW LCR brings dynamic, powerful, detailed Reference Premiere sound to your home theater system.

### **SECUREFIT™ INSTALLATION SYSTEM**

The exclusive modular installation system allows for the dog legs to be engaged by hand to a preset clamping force, eliminating the possibility of overtorquing, which can lead to breaking the dog leg or cracking the drywall. The speaker module is then screwed to the bezel (using machine screws instead of traditional drywall screws) for a more robust, acoustically stable installation than the competition.

## ALL NEW, BEZEL-FREE MAGNETIC GRILLE

A completely redesigned powercoated magnetic steel grille eliminates the bezel for seamless, pristine integration into the living space.

#### **PVC PAINT SHIELD INCLUDED**

Also included is a magnetic PVC paint shield that can be used to cover the speaker module to protect it from paint or construction dust during renovations or remodels.
