

PROMEDIA LUMINA

COMPUTER SPEAKERS

AN ICON REIMAGINED

First introduced in 1999, the Klipsch ProMedia computer speaker system is one of the most praised and best-selling desktop speaker systems of all time. This newly redesigned version is a worthy successor to that honored legacy. From a completely reenvisioned cabinet design to tiltable stands and updated controls, the new Klipsch ProMedia Lumina integrates perfectly with your workstation.

80 YEARS OF AUDIO MASTERY

Engineered with precision and tuned for real power and detail, the new Klipsch ProMedia Lumina delivers Klipsch Legendary American sound. We pack decades of acoustic know-how into every product. The Microtrax™ horn tweeters provide pinpoint clarity - crucial for content editing and gaming.

BIG BASS, SMALL SPACE

The new Klipsch ProMedia Lumina sound system includes a low-profile subwoofer with all the low-end punch. Features include an adjustable gain knob and cable management design for minimal floor space, maximum impact.

CUSTOMIZE WITH THE KLIPSCH CONTROL APP

Power up your system with the Klipsch Control desktop app. Available on all app stores, Klipsch Control allows precision command over EQ, lighting, and features such as night mode and music react mode. Three color changing options allow further customization of your workspace lighting. Each ProMedia Lumina satellite includes six LEDs, for a choice of five carefully crafted, ambient Light Modes with soothing, diffused glows.

INDISPENSABLE DESKTOP DEVICE

Great for gamers, content creators, music and movie lovers - the Klipsch ProMedia Lumina computer speaker system is easy to set up and will provide enjoyment for years to come. Connects via USB-C, AUX, and Bluetooth 5.3 inputs.
