

DVB-C HDTV Receiver

TELESTAR DIGISTAR C HD

FULL HD 1080i/p	
EPI	ECO ENERGIESPARER
Dolby AUDIO	 KINDERSICHERUNG
 AUTOMATISCHER SENDERSUCHLAUF	plug & play

The TELESTAR DIGISTAR C HD's metal housing contains cutting-edge DVB-C HD set-top-box technology in combination with multimedia and network versatility. It allows the reception of freely transmitted digital cable (DVB-C) TV and radio channels. The receiver features a USB media player mode for various types of data, as well as several user-friendly functions, e.g EPI programme information, multiple timers or multilingual OSD menu. The internal eco power supply keeps the power consumption low at all times.
