DESCRIPTION

Elegantly understated, the Khalm 140 stands out for its remarkable modularity. Its sleek design includes a compartment with a flap door, allowing infrared signals to pass through unobtrusively.

With its removable feet, the Khalm 140 can be positioned against a wall at any height, guaranteeing exceptional layout flexibility. The rear of the unit has been cleverly designed to allow cables to pass through either the bottom or the underside, ensuring a neat layout for your audio-video equipment.

Choose from 1, 2 or 3 compartments, available in three different colors, and personalize your space to your image. The Khalm 140 brilliantly combines functionality and aesthetics to meet the contemporary demands of your entertainment space.
