

INTRODUCING THE REGA KYTE LOUDSPEAKER

Become immersed in the stunningly natural sound of the Kyte loudspeaker system. Our unique UK manufactured phenolic resin cabinet is enhanced with ceramic brace plates and a carefully engineered internal cross brace construction for ultimate stiffness ensuring the only thing you listen to is the music.

Featuring our Rega designed ZRR (Zero Rear Reflection) technology high frequency unit and our handmade Rega MX-125 Bass mid driver makes this the perfect voice for all Rega products.
