

# SPOTTUNE OMNI

## WIRELESS OMNIDIRECTIONAL SPEAKER

The Spottune Omni speaker is acoustically designed to radiate sound in all directions whereas a traditional loudspeaker is optimized toward a frontal listening position "Sweet spot listening". The 360° sound radiation is advantageous in environments where the aim is to evenly distribute the sound to give the same listening experience across the room.

## TECHNICAL SPECIFICATIONS

<b>Colors</b>	White / Black / Grey
<b>Specifications</b>	Wireless Smart Speaker, Digital amplification DSP Bass extension Full-tone closed box system Acoustic 3D design Omni (360°) Sound radiation Powerful 4-inch extended range-driver Plug n' Play
<b>Frequency</b>	Audio frequency range 50-15000Hz
<b>Amplification</b>	~50W digital class D amplifier Max SPL 100dB
<b>Wireless Features</b>	Audio-BroadCasting-Digital - Technology RF-Band 1,8 –1,9 GHz Range up to 50-100m (Condition dependent)
<b>Dimensions</b>	Diameter: 115 mm Height: 200 mm Cord lenght : 5 m
<b>Weight</b>	1,5 Kg
<b>Standby power consumption</b>	1,74W (Limitation 2W)
<b>SKU</b>	O1-C-W / O1-C-B / O1-C-G
