

LORAD 2.5 EXCALIBUR CS-EU MAINS CORD SET

Rhodium plated & Double screened Mains Cord Set, 250V/10A

Gauge: 3x2.5mm² / AWG 13

Rev.date: 2026-03-24

Customs tariff no: 8544499500

Country of origin: Sweden

- Double screened mains flex cable – Excalibur Rhodium Edition
- Rhodium plated connectors
- Silver plated OFC wires – low loss construction
- Protects both from electric & magnetic fields

**LoRad - Low Radiation - Silver Plated**

Shielded cord set comprising Supra LoRad 2.5 Excalibur Silver Plated cable with rhodium plated SW-EU Schuko male plug & rhodium plated SWF-16 IEC320 C19 female connector. Current rating 10 A continuously. EU-version, with straight Schuko plug, is the most common standard throughout Europe. Exceptions are Denmark, Italy, Switzerland, Ireland & Britain. Fits our LoRad mains power distribution blocks rated 10A. SUPRA LoRad Excalibur represents the pinnacle of our power cable design. Built for the most demanding high-end audio and AV systems, it combines silver-plated conductors, advanced shielding, and rhodium-plated connectors to deliver power with unmatched purity and stability. LoRad means Low Radiation and the design of these mains flex cables minimises both electric & magnetic alternating fields. The Excalibur version features dual-layer shielding (aluminium foil and semiconductive layer) together with optimised conductor geometry for extremely low noise and maximum performance. This allows your hi-fi equipment to operate in a near noise-free environment, revealing the finest details and dynamics.

- Short pitch twisting of the lead cores cancels magnetic alternating fields and prevents interference with adjacent cables.
- LoRad Excalibur results in a cleaner sound, improved dynamics, and a more stable electrical environment with minimal interference.
- The dual shielding protects your equipment from radiated mains disturbances and RF interference.

CONSTRUCTION

Cable:	LoRad 3x2.5 EXCALIBUR
Cross section area:	5N OFC, 5% silver 3x2.5mm ² / AWG 13
Screen:	Alu/PET foil + Semi-conductive Nylon
Jacket:	PVC GA78, round
Diameter:	11mm
Cable colour:	Ice Blue Metallic
Marking:	SUPRA LORAD EXCALIBUR 3X2.5 + Made in Sweden + Meter mark
Connectors:	SW-EU Schuko 16A Rhodium male to IEC320 C15 Rhodium female
- Pin Material:	Rhodium plated copper
- Pin connection:	Screw/clamp
- Colour:	Black
Cable direction:	Follow the arrows > Wall socket > Power inlet
Rated Voltage/current:	250V / 10A
Packaging:	1-2m: 25x21.5x4.8cm, 4m: 31.5x25.4x6.0cm

Note! The connector must be connected to a wall socket with a ground terminal for the full LoRad effect to take place. Lorad are tested and certified by Intertek Sweden, meeting the European safety regulation HD21.5 S3. Standard lengths as below, special length cables upon request.
